APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the period of use and the average number of wildlife served from the waters of this source. The State retains the right to regulate the use of the water herein granted at any and all times but does not take responsibility for the use of the Federal range.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

(Continued on Page 3)

(Permit Terms Continued)

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.0022 cubic feet per second, or sufficient to water 360 deer.

Work must be prosecuted with reasonable diligence and be completed on or before:

July 26, 2007

Proof of completion of work shall be filed on or before:

August 26, 2007

Water must be placed to beneficial use on or before:

July 26, 2008

Proof of the application of water to beneficial use shall be filed on or before:

August 26, 2008

Map in support of proof of beneficial use shall be filed on or before:

N/A
